Personal Statement

I am a highly motivated individual with a strong background in biology and a passion for technology. Recently completed a frontend bootcamp from Birmingham University, eager to apply newly acquired skills to contribute to innovative projects. Seeking to leverage my teaching experience as a special needs teaching assistant and passion for coding and art to obtain a challenging role as a junior frontend developer.

Skills

HTML
CSS
BOOTSTRAP
JAVASCRIPT
REACT
PYTHON
GIT
ADOBE
CROCHET
SEWING

Work Experience
